CONTENTS OF VOLUME VI
JOURNAL OF NUTRITION

No. 1, January, 1933

PAGE

Aberle, S. B. D., Continual cornified vaginal cells as an index of avitaminosis-A in rats 1

Stark, Marian E., Standards for predicting basal metabolism. I. Prediction for girls from 17 to 21 11

Carpenter, Thorne M., and Lee, Robert C., The parallel determination of the respiratory quotient and alveolar air of man in the post-absorptive condition 37

Carpenter, Thorne M., and Lee, Robert C., The effect of glucose and of fructose on the human respiratory quotient and alveolar air .. 55

Morgan, Agnes Fay, and Madsen, Evelyn O., A comparison of apricots and their carotene equivalent as sources of vitamin A 83

Parks, Thomas B., and Rose, Embree R., The copper, iron and manganese content of fish 95

Potter, Myra T., The vitamin A content of yellow tissued and white tissued apples 99

Sumner, James B., Editorial Review, The chemical nature of enzymes .. 103

No. 2, March, 1933

Greaves, Ethelyn O., and Greaves, J. E., Nutritive value of high and low calcium-carrying wheat 113

Titus, Harry W., Byerly, Theodore C., and Ellis, N. R., Effect of diet on egg composition. I. Partial chemical analyses of eggs produced by pullets on different diets 127

Nevens, W. B., and Shaw, D. D., The effect of dairy manufacturing processes upon the nutritive value of milk. II. The apparent digestibility of fresh whole milk and of powdered whole milk 139

MacKay, Eaton M., Smith, Francis M., and Closs, Karl, Factors which determine renal weight. XIII. The heat production of the rat as varied by thyroid administration 151

MacKay, Eaton M., Factors which determine renal weight. XIV. The relative influence of amino, urea and protein nitrogen in the diet 157

Sharpless, George R., and McCollum, E. V., Is Fluorine an indispensable element in the diet? 163

Graham, Claire E., and Griffith, Wendell H., Studies on growth. I. Growth factors in liver 179

PAGE

GRAHAM, CLAIRE E., and GRIFFITH, WENDELL H., Studies on growth. II. The effect of vitamins B and G on the consumption and utilization of food 195

CARPENTER, THORNE M., Editorial Review, The effect of muscular exercise on the metabolism of ethyl alcohol 205

No. 3, MAY, 1933

BYERLY, THEODORE C., TITUS, HARRY W., and ELLIS, N. R., Effect of diet on egg composition. II. Mortality of embryos in eggs from hens on diets containing protein supplements of different origin 225

ELLIS, N. R., MILLER, DAVID, TITUS, HARRY W., and BYERLY, THEODORE C., Effect of diet on egg composition. III. The relation of diet to the vitamin B and the vitamin G content of eggs, together with observations on the vitamin A content 243

SAYWELL, L. G., and LANE, E. W., Comparative effect of tomato and orange juices on urinary acidity 263

SHOHL, ALFRED T., BROWN, HELEN B., CHAPMAN, EDNA E., ROSE, CATHERINE S., and SAURWEIN, ESTHER M., The evaluation of the phosphorus deficiency of the rickets-producing diet 271

BLUMBERG, HAROLD, and RASK, O. S., The spectrographic analysis of milk ashes 285

NEWELL, JOHN M., and MCCOLLUM, E. V., Studies on the rôle of zinc in nutrition 289

MALLON, MARGUERITE G., JOHNSON, L. MARGARET, and DARBY CLARA R., The calcium retention on a diet containing leaf lettuce 303

No. 4, JULY, 1933

GUYATT, B. L., KAY, H. D., and BRANION, H. D., Beryllium "rickets" 313

LEVINE, HAROLD, REMINGTON, ROE E., and VON KOLNITZ, HARRY, Studies on the relation of diet to goiter. I. A dietary technic for the study of goiter in the rat 325

LEVINE, HAROLD, REMINGTON, ROE E., and VON KOLNITZ, HARRY, Studies on the relation of diet to goiter. II. The iodine requirement of the rat 347

REED, C. I., THACKER, E. A., DILLMAN, L. M., and WELCH, J. W., The effects of irradiated ergosterol on the metabolism of normal dogs 355

REED, C. I., DILLMAN, L. M., THACKER, E. A., and KLEIN, R. I., The calcification of tissues by excessive doses of irradiated ergosterol 371

BRUEN, CURTIS, Variation of basal metabolic rate per unit surface area with age. II. The pubertal acceleration 383

PAGE

SAYWELL, LAWRENCE G., Effect of pears, peaches, apricots, and dried sulfured apricots on urinary acidity 397
WILDER, O. H. M., BETHKE, R. M., and RECORD, P. R., The iodine content of hens' eggs as affected by the ration 407

No. 5, SEPTEMBER, 1933

BETHKE, R. M., RECORD, P. R., and KENNARD, D. C., The comparative antirachitic efficiency of irradiated ergosterol, irradiated yeast, and cod liver oil for the chicken 413
GEIGER, BEATRICE J., STEENBOCK, HARRY, and PARSONS, HELEN T., Lathyrism in the rat 427
ELLIS, N. R., PALMER, L. J., and BARNUM, G. L. The vitamin content of lichens 443
FELLERS, C. R., REDMON, B. C., and PARROTT, E. M., Effect of cranberries on urinary acidity and blood alkali reserve 455
STEIN, HERMANN B., and LEWIS, ROBERT C., The stimulating action of copper on erythropoiesis 465
MITCHELL, H. H., The possibility of the conversion of fatty acids to glucose in the animal body 473

No. 6, NOVEMBER, 1933

FRANCIS, LILLIAS D., SMITH, ARTHUR H., and MENDEL, LAFAYETTE B. Growth of rats fed high protein rations supplemented by different amounts and combinations of vitamins B(B_1), G(B_2), and B complex 493
INSKO, W. M. JR., and LYONS MALCOLM, Calcium and phosphorus in the development of the turkey embryo 507
MACKAY, EATON M., and BERGMAN, H. C., The influence of the preceding diet upon the rate of glucose absorption and glycogen synthesis 515
HAWLEY, ESTELLE E., JOHNSON, CARROLL W., and MURLIN, JOHN R., The possibility of gluconeogenesis from fat. II. The effect of high fat diets on the respiratory metabolism and ketosis of man 523
LEWIS, ROBERT C., Other factors than vitamins B and G in the vitamin B complex 559
Index to volume 6 571
